This map displays degree requirements, courses, faculty information, clubs & organizations, and Library resources associated with American Studies across the seven Claremont Colleges (7Cs) for the 2013-14 academic year. It was compiled using public information drawn from Colleges websites, course schedules and catalogs, and the Claremont Colleges Library website. These maps should be understood as a snapshot of the consortium in time, and not representative of current information beyond 2013-14.

This project was completed as part of an IMLS Sparks! Ignition grant in 2013-14.
