JHM is an open access bi-annual journal sponsored by the Claremont Center for the Mathematical Sciences and published by the Claremont Colleges Library | ISSN 2159-8118 | <http://scholarship.claremont.edu/jhm/>

The editorial staff of JHM works hard to make sure the scholarship disseminated in JHM is accurate and upholds professional ethical guidelines. However the views and opinions expressed in each published manuscript belong exclusively to the individual contributor(s). The publisher and the editors do not endorse or accept responsibility for them. See <https://scholarship.claremont.edu/jhm/policies.html> for more information.

Cosmology

Craig W. Steele

csteele@edinboro.edu

We

see

whelk shells,

pinecone scales,

far-flung galaxies

tracing Fibonacci spirals.

Though mathematics is the scaffolding of gyral

music and of science, could we compose a living universe into existence?
