Oiler, oiler!
The students cry
As they have frictions
With π and i .

Master Euler
Came to see,
And solved the problem
Inventing e .

Only an oiler
As Euler can
Equate these three
To minus one.

A picture of Euler
Is on my wall
As he's the Master Oiler
Of us ALL.

¹In an exam of Engineering Mathematics a student claimed to be using “Oiler’s formula” to solve a problem. I am indebted to this student for inspiration.
