| Director's Report.....   |                                      | 127 |

---

The name of the journal, *Aliso*, is the word used by the early Californians for the sycamore (*Platanus racemosa*), a tree intimately associated with the Rancho Santa Ana Botanic Garden. In other areas *Aliso* refers to Alder (*Alnus* sp.).
