**Subject:** Access change for senior thesis

Hi again,

Here is another request to change access from open access to on-campus only. Once I get your approval I can go ahead and make the change.

*My name is Grace "Miel" Jasper and I graduated from Scripps in 2016. My Scripps email was gjasper6511. I have two theses published, available to anyone. I would like to restrict the access to the Claremont Colleges only. Please let me know how to go about this.*

Best,  
Yeisi
