Comments and Letters

I read with interest the review of Ethnomathematics [by Marcia Ascher] in the #14 Humanistic Mathematics Network Journal. However, when I went to find the book I discovered it is no longer published by Brooks/Cole. In fact the representative of the company said "It is out of print."

But alas it is NOT out of print—just not printed by them! Your readers might like to learn that it was published April, 1994 by Chapman and Hall, ISBN 0-412-98941-7 (\$36.50).

Thank you for your work on this interesting publication.
